

## AISI (Automated Integrated Surveying System)

### Charging System

The battery charging system that was fielded with the AISI is no longer available. When needed, the following items are required when replacing the original charging system.

Items #1, 2, 3 and 4 are required. Item #5 is optional.

<u>Item</u>	<u>Part #</u>	<u>GSA Contract Net</u>
1. Single Charger	571906330	\$73.60
2. Power Cable (110V)	571905925	\$13.80
3. Cable (Charger to 7Ah battery)	571208018	\$36.80
4. Battery, Heavy Duty (Powers the AISI for up to 15 hours)	571202194	\$253.00
5. Battery, Internal (“Horse Shoe” system battery)	571143014	\$216.20

These items can be ordered direct through Trimble as a local purchase item available on GSA Contract.
